Speech Communications – General Data

1. General

The speech communication system consists of a dual VHF communication system (refer to 23-12-00, VHF Communication System – General data), a HF communication system (refer to 23-11-00, HF Communication System (S.O.O. 6215) – General data) (if installed), and a two-way telephone (refer to 23-15-00, Satellite Communication System (S.O.O. 6298) – General Data) (if installed). The VHF communication system is an integral part of the Multi-Mode Digital Radio (MMDR), (refer to 34-51-00, Multi-Mode Digital Radio – General data).
